*For some Western Pennsylvanians,
winter can be a cruel hoax.*

*Thousands of children and senior citizens
lack warm outerwear, a necessity that protects
against the region's frigid temperatures.*

*Recognizing this need, The Salvation Army,
the world's largest social service agency, and
WTAE-TV (Channel 4) developed Project Bundle-Up –
a program dedicated to providing warmth
through new coats, boots, mittens, hats and scarfs
to Western Pennsylvania residents
who are in need.*

*Since its inception in 1986, Project Bundle-Up
has raised more than 9.9 million dollars
and has served more than
205,000 disadvantaged children and senior citizens
across Western Pennsylvania.*

*Over the past 21 years, Daily's has been
a faithful supporter – raising \$599,858.*
